STOCK OF THE ARIZONA GOLD AND COPPER
Co. is \$2 per share. Six thousand, one hundred
and fifty shares sold last week. This company
has everything required to make this a tremendous and successful enterprise. It owns its entire
smelter plant; has no debts; owns seven rich developed mines; has the money to carry on its
work; a president and board of directors unusually stro-ig—men who have been a success in their
own private Lusinesses. The mines and smelter
plants are situated in one of the richest mining
districts in the world. This stock is sold to further enlarge the plant and extend the scope of the
enterprise. The contract closed about two weeks
ago is of immense value to this company, in compliance with which the company from November 1
will pay cash for every class of ore delivered at
their smelter from Arizona or Mexico. A negotiation is now in progress, which, when concluded, will cause this company to withdraw its stock
entirely from the market. Those who have secured this stock are certainly fortunate. I will
cheerfully give any information desired. Stock
